Attach: Current catalogue and program policies that accurately depict the nursing programs offered during the program year

The Associate of Science in Nursing Program is the only nursing education program offered by Nashua Community College. It accepts an incoming class once a year in September. It is a traditional day program complemented with virtual learning during COVID-19 pandemic.

*“The Mission of the Department of Nursing at Nashua Community College (NCC) is to provide students the opportunity to earn an Associate in Science Degree in Nursing, which prepares them to take the licensing exam (NCLEX-RN) to become Registered Nurses, for employment in entry-level positions in nursing, and for further education and professional development”,*  
<http://www.nashuacc.edu/images/PDF/catalog/NCC-Catalog-20-21.pdf>, p. 89.

*“ASN applications must be completed by March 1, 2021 to be considered for acceptance in the Fall 2021 class. A completed application is the responsibility of the nursing candidate. Incomplete applications will not be considered”,* <http://www.nashuacc.edu/images/PDF/catalog/NCC-Catalog-20-21.pdf>, p. 89.

The name and address of the sponsoring institution official:

Lucille A. Jordan, President  
Nashua Community College  
Nashua, NH 03063

Attach: The program director's responsibilities in terms of teaching, administration, and student guidance. Please see Appendix A.

The Director's role is 27 hours a week (she is retired from the Community College System of NH and according to System policy, can work 1352 hours/year). She manages the Department, prepares and submits reports, develops the strategic plan and budget, and leads the faculty in curriculum development delivery, and evaluation. She is also mentoring a long-term faculty member for the role of program chair.

<b>ACADEMIC YEAR: _____ 2019 _____ to _____ 2020 _____ (ACTUAL)</b>

Attach: Program budget data along with a copy of:

- a. The sponsoring institution's most recent fiscal audit of receipts and expenditures relating to the program,
- b. Opinion letters of the auditors; and
- c. Management's response to audit findings

## V. PROGRAM OVERVIEW

1. Briefly summarize activities and achievements, to date, 8/2020, relating to the program.

### ANNUAL GOALS

(Describe concrete items, time framed, with measurable outcomes)

1. Achieve ACEN reaccreditation – Fall 2020
2. A virtual site visit by ACEN will occur October 20-24, 2020. The self-study is nearly completed, and organization of related documentation is in process. Results will not be finalized until Spring 2021. The program will then address ACEN findings indicating areas needing improvement.
3. Achieve NH Board of Nursing Continuing Approval – Fall 2020. The BON will conduct a site visit at NCC Nov. 2 and 3, 2020. The program will then address any BON findings indicating improvement is needed.
4. Conduct a gap analysis of curriculum to identify concepts that may be missing from the current curriculum, and those on which students are not performing well. This will occur in Spring 2021 and will be based on:
  - Program evaluation outcomes
  - NCLEX-RN Test Plan

- NCLEX-RN Program Report results of past three years
  - ATI Comprehensive Predictor results of past three years
5. Develop future leadership in the Department of Nursing. There were three different people in the role of Department Chair in 2019, and 4 since 2017, as well as some turnover of faculty. The current Director has 38 years' experience in nursing education at AD, BS, and MS levels and has been in a leadership role in nursing education for about 20 years. With succession in mind, a veteran faculty member, Lisa Gray, has been appointed Department Chair and will work closely with Dr. Hayes to become proficient in various aspects of program management, including curriculum development and program evaluation. All faculty will be included in curriculum analysis and approaches to program evaluation within a year.

**1. Indicate programmatic and curricular changes that may potentially increase or decrease student and/or faculty populations. Include any current or planned nursing program, distance education options (instruction offered by any means where the student and faculty are in separate physical locations).**

There are no programmatic or curricular changes planned that may potentially increase or decrease student and/or faculty populations.

## VI. RESOURCES

**1. Indicate adequacy of physical, fiscal, and human resources to meet program goals and student learning outcomes. (NUR 602.03)**

Physical, fiscal, and human resources are adequate to meet program goals. Classes and clinical practice are face-to-face. To maintain social distancing, the auditorium is being used as a classroom; it is well equipped with the necessary technology. The college is also well-equipped with technology if learning experiences need to become virtual as fall progresses. With three clinical groups at the freshman level and four at the senior level, an additional contract was negotiated with St. Joseph Hospital, Nashua, NH, for one clinical group. One FT faculty resigned and was replaced with a FT faculty member, and three adjuncts were also hired.

**2 Do you use another state for pre-licensure clinical experiences? \_\_\_\_\_ No \_\_\_\_\_**

**If Yes: please list in which states they are located. NA**

**TITLE:** \_\_\_\_\_ Director \_\_\_\_\_

**DATE:** \_\_\_\_\_ 10/1/20 \_\_\_\_\_

**Appendix A.**

**NASHUA COMMUNITY COLLEGE  
SUPPLEMENTAL JOB DESCRIPTION**

**INCUMBENT:** Jeanne Hayes

**FLSA:** Part-time Exempt  
**CODE:** 11-3011

**EEO-6 CODE:** 1-12 (Administrative, Managerial)

**SOC**

**CLASSIFICATION:** Administrator IV

**CLASSIFICATION CODE:** 007200

**IN-HOUSE TITLE:** Interim Director of Nursing

**DATE ESTABLISHED:** 11-22-2019

**POSITION #:** N2R00085  
22-2019

**DATE OF LAST AMENDMENT:** 11-

**SCOPE OF WORK:** Serves as the Director of Nursing responsible for the directing the Nursing program's accreditation process and for ensuring compliance with accreditation standards. This position reports to the Vice President of Academic Affairs at Nashua Community College.

**ACCOUNTABILITIES:**

- Working with the Vice-President of Academic Affairs and nursing faculty, guides and directs activities of the Nursing Department in areas of curriculum development, program organization, and coordination of the Nursing Advisory Board.
- Ensures and maintains professional standards that meet the NH Board of Nursing and other accrediting requirements. Coordinates departmental accreditation activities.
- Arranges nursing program contractual agreements with cooperating agencies.
- Oversees teaching effectiveness through the development, modification, and evaluation of program curricula and instructional materials that comply with established course content, integrate theory with applications, clearly define course goals, observe program and institutional accreditations standards, promote critical thinking and life skills and respond to diverse academic needs.
- Coordinates and leads departmental activities and operations by meeting with executive and advisory groups to discuss needs, career developments, and the effectiveness of instruction, developing and evaluating credit and non-credit programs and/or courses, mentoring faculty in subject area competency and instructional expertise, actively cultivating and maintaining collaborative relationships with business and industry within the field of instruction, and engaging in outreach to educational partners for the development and implementation of articulation initiatives.
- Remains technologically and pedagogically current within the specialized field of instruction through participation in relevant professional associations and education and training activities. Promotes utilization of appropriate instructional and administrative technologies as required for teaching effectiveness and college operations/communications.
- Observes all academic policies and procedures and institutional rules and regulations and demonstrates ethical and professional behavior.
- Complies with all system, college, campus, state and federal rules and regulations.
- Performs other duties as assigned.

**MINIMUM QUALIFICATIONS:**

**Education:** Master's degree from a regionally accredited college or university with major study in Nursing.

**Experience:** Eight years (8) of nursing and/or teaching experience, five (5) years of which in an administrative or supervisory level with duties associated with program administration, program planning and evaluation and management experience directly related to the field of Nursing.

**SPECIAL QUALIFICATIONS:** Must have experience as a nurse educator in an academic setting.

**License/Certification:** Possession of current or active RN licensure. Must meet the continuing education requirements by the Board of Nursing to maintain continuing licensure. Access to statewide transportation.

**RECOMMENDED WORK TRAITS:** Skilled in planning, implementing, promoting, and evaluating educational programs and the needs of students. Thorough knowledge of teaching methods, use of instructional materials and the organization of subject matter into effective teaching units in technology or other specialized programs. Ability to originate and implement new programs and to improve existing programs. Ability to project and maintain a positive disposition with students, faculty, administration and staff. Ability to supervise professional instructional staff and collaborate in development of programs, policies and procedures. Knowledge of budget development and management. Strong communication skills, both oral and written. Ability to work effectively with clinical affiliates, vendors and community organizations. Must be willing to maintain appearance appropriate to assigned duties and responsibilities as determined by the college's appointing authority.

**DISCLAIMER STATEMENT:** This class specification is descriptive of general duties and is not intended to list every specific function of this class title.

**SIGNATURES:**

The above is an accurate reflection of the duties of my position.
