45. Please list three greatest strengths of the Nashua Community College Associate in Science in Nursing Program.

ResponseID Response

- | | |
|---|--|
| 1 | facility, instructors, meaningful and varied clinicals throughout the community |
| 2 | Caring Professors Small class size Interactive learning |
| 4 | I was very please with this program. It was flexible for me and the teaching staff have been very supportive throughout the whole process. I felt very supported and encouraged through the whole program and obtained a great deal of knowledge. They have always been opening discussions and ways they can improve and help us achieve our goals. |
| 5 | Supportive Professional Caring |
| 6 | Supportive Easily accessible |

46. Please list three areas of improvement most needed by the Nashua Community College Associate in Science in Nursing Program.

ResponseID Response

- | | |
|---|---|
| 1 | It's is a solid, high quality program. |
| 2 | Some of the clinical locations were not very accommodating |
| 4 | The only "concern" I had was the turnover rate for the staff during the two years I was there. |
| 6 | clinical sites where nurses are more attentive to students The Southern outside offices were amazing and I think freshman level should go there as well |
