

Connecting to Wi-Fi Using Windows 10

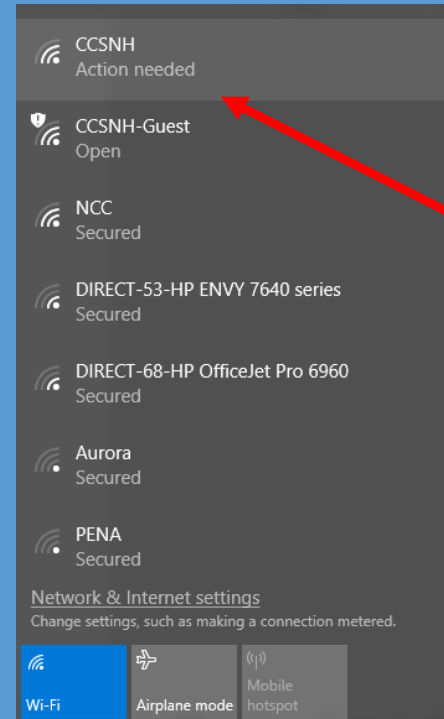

Navigate to your computers Wi-Fi Settings
(If you are having trouble locating this try typing
the word Wi-Fi into your computers search bar)

Click on the Wi-Fi settings in
your Notification area
located on your desktop

If you are having trouble type
Wi-Fi into your search bar

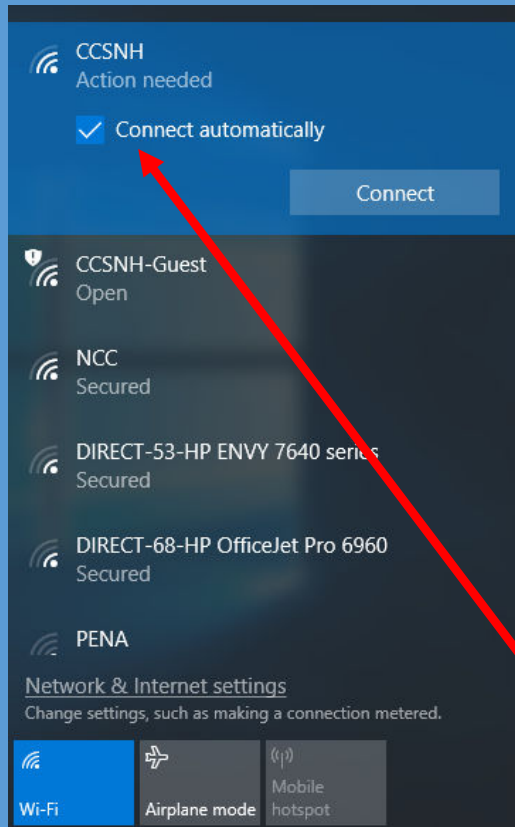

You will see a list of available
networks please choose which
wireless network you would like
to connect to, either **CCSNH** or
CCSNH-Guest.

Choose which network
you would like to
connect to.

CCSNH will be used for any
individual who has a valid
CCSNH e-mail account while
CCSNH-Guest will be used
for anyone who is visiting
the campus or has not yet
been assigned an e-mail
address.

Although NCC is still visible it will
no longer be an active network

Ensure that **Connect Automatically** is selected, then click **Connect**.

Check **Connect Automatically**

Once you have chosen the correct network, you will be prompted to enter your username and password.

CCSNH Network View

If logging into the **CCSNH Network** your username and password will be the same as your username and password for your CCSNH e-mail. After completing the required fields press **OK** on the bottom of your screen.

If you are choosing the **CCSNH-Guest** option you will be prompted to provide your full name and a current e-mail address. Be sure to read and accept the terms of use before selecting register.

Read and accept the terms of use
