

Activities and Organizations

Students at NCC have been most enthusiastic in organizing their own activities guided by faculty advisors. Student activities are similar to those found at other Community Colleges and are based upon student interest. These may include baseball, community service, golf, outing club, skiing, gaming, and of course, student government, to name a few. If you are interested in starting a new club, please see Amy Vazifdar upstairs in the Wellness Center-Room 204-Student Life Office.
