6. What suggestions would you have for NCC to better prepare students for their careers?

ResponseID	Response
3	Digitial technology
4	None they do a great job
5	More time with internships, with specific task goals.
7	I believe that the internship model that MCC uses provides the student with more hands on and real-world knowledge.
10	More discussions about tool discounts available to the students during their time at the school. After graduation, the price increases dramatically
12	Have a Mentor in the Workplace
