

Associate in Arts

Benefits of a Liberal Arts Degree

The Associate in Arts in Liberal Arts degree program prepares students for successful transfer to a four-year baccalaureate degree program in a wide variety of majors, including Liberal Arts.

In this degree program, students will study a coherent and substantive balance of English, mathematics, the sciences, the arts and humanities, and the social sciences.

Because the program gives students the opportunity to explore different academic interests, it is particularly appropriate for students who have not yet decided on an academic major as well as for those who know that they are committed to pursuing a liberal arts program at the baccalaureate level.

In addition to the transfer function of the Liberal Arts Program, the liberal arts have a practical application by providing essential skills needed by students in both their personal and professional lives. These include "soft skills" identified by employers as especially important in today's workplace.

Estimated cost of program Tuition only:

- **In-State** **\$14,976**
- **NE Regional** **\$20,026**
- **Out-of-State** **\$30,380**
